

General Affairs Technician II

Automotive Testing & Development Services, Inc has an opening for a qualified HVAC / electrical technician.

Position is based in Hyundai America Technical Center in Chino, California.

Candidate will provide HVAC and Electrical support for California based facilities including the Hyundai Design Center, Kia Design Center, Chino Technical Center and California Proving Ground on a rotation basis as needed.

Candidate must possess strong HVAC and Electrical knowledge and experience in Large AHU. HVAC units (gas fired), VFD's, Hot/Chilled Water Systems. HVAC & Electrical licenses a plus.

Responsibilities will include overseeing the daily operation of HVAC systems including chillers and BMS's including Steafa, Carrier & Honeywell Control systems with Analog/Digital inputs and outputs.

Act as point of contact for HVAC service providers performing normal monthly, quarterly and annual maintenance, refrigerant adds, repairs etc. to verify work is performed in accordance with HATCI guidelines.

Electrical duties will include but are not limited to circuit installations, basic troubleshooting and lighting controls and support for the maintenance staff as needed to ensure code requirements are met.

Requirements:

High School Diploma

5 years in HVAC and Electrical knowledge and experience a must.

HVAC license required.

Electrical License a plus.

This position will require a significant amount of travel between facilities, therefore a valid California Driver's license and clean California DMV report is required.

Gas and Mileage to be reimbursed in accordance with current HATCI guidelines.

The position will provide a competitive salary and benefits.
